SENSORY HAND SHAPED MARKERS SET

These hand shaped markers come in a set of 10 pairs in assorted colours, durable construction with non-slip surface finish. Hand markers are ideal for setting up activity courses in the sensory training or classroom environment. Made from durable and flexible material with raised surface bumps, they aid grip and create a tactile, sensory feel. Brightly coloured to provide interesting activities to map out a route for balance and coordination activities or for games, pattern making, counting or sorting.

This kit consists of :

- 10 pairs multi-colored hand shaped markers

16.5 cm x 13 cm x 14 cm

ROCKING SEESAW BALANCING BOARD

The rocking seesaw balancing board can be used as a sensory training equipment for kids. Balance training is important to enhance children's concentration and also exercise kids' limb coordination. Meanwhile, it also offers a greater challenge for children with its height and narrow base. Children need to maintain balance on the board by controlling their body which helps to strengthen lower body muscles. It is great for indoor and outdoor activities.

This kit consists of :

- 1 board
- 1 ball
